

Department of PUBLIC POLICY AT MAHE BENGALURU

Program structure - Rapid globalization and digitalization in the context of the 4th Industrial revolution have created enormous disruption in global governance and have challenged existing norms, standards, and regulations governing policies and policy decisions globally. Public Policymaking in the 21st century is complex and uncertain. Government, Industry, Think Tank, and Academia is looking for professionals who can understand these complexities of policy making and policy advocacy. **The 2 year Post Graduate Program offered at MAHE- Bengaluru comes at a critical and opportune time to bridge this gap between demand and supply of trained Policy Makers and Analysts.**

Eligibility criteria - Candidates with first class bachelor's degree in law/Technology/ Humanities/Social sciences (with a minimum of 60% of marks or equivalent grade) from UGC recognized universities may apply for this program.

Selection criteria - Selection of the candidates will be based on eligibility criteria, personal interview, and motivation letter.
