

ARC 6205, Research Methodology, M.Arch UDD

CO1 : To understand concepts and framework of city analysis and its built form (C2) 8 marks

SI No.	FACTORS	Marks	Outstanding	Excellent	Very Good	Good	Satisfactory	Emergent
			Upto 100%	Upto 80%	Upto 60%	Upto 40%	Upto 20%	0
C2	Comprehension	4	Ability to comprehend basic learnt information with background study and its relevance in real context	Ability to comprehend basic learnt information from background study	Ability to explain basic learnt information from background study	Ability to identify basic learnt information from background study	Ability to understand information from background study	Unable to explain & identify learnt information from background study
P3	Perception	2	Ability to explain the structured information with justification	Ability to explain the structured information	Ability to understand to structure and information	Ability to think in a way that could lead to structure the information	Unable to figure out a structure to analyze the information.	Clueless about what the data is all about.
A2	Responding to Phenomena	2	Ability to analyse in a structured way that it makes it easily interpretable.	Ability to organize the data and the analysis in a structured way	Ability to organize the data and the analysis in a less structured way but still clear.	Ability to organize the data and the analysis in a non structured way but could be structured with proper inputs.	Unable to organize the data and the analysis in a way, this is clear.	Complete lack of understanding of how to structure Data and Analysis.

CO2 To learn basics of research in the critical analysis and interpretation of urban design: C4 (12 MARKS)

SI No.	FACTORS	Marks	Outstanding	Excellent	Very Good	Good	Satisfactory	Emergent
			Upto 100%	Upto 80%	Upto 60%	Upto 40%	Upto 20%	0
C4	Knowledge	6	Ability to properly conceptualize the areas of intervention having a clear idea of how to intervene on it in Thesis program.	Ability to properly conceptualize the areas of intervention	Ability to properly conceptualize the areas of intervention having a vague idea of how to intervene in Thesis program.	Ability to somehow conceptualize the areas of intervention having a vague idea of how to intervene in Thesis program.	Ability to somehow conceptualize the areas of intervention having a no idea of how to intervene in Thesis program.	Lack of ability to even conceptualize the areas of intervention in Thesis program.
P3	Set	3	Ability to Present clearly and concisely through any suitable Techniques	Ability to Present clearly and concisely	Ability to Present clearly through any suitable techniques	Ability to Present through any Techniques	Unable to figure out a structure to analyze the information.	Difficulty in Presenting through any Techniques
A2	Valuing	3	Ability to attach a strong value in terms of respective themes.	Ability to relate values in terms of respective themes.	Ability to attach a some value in terms of respective themes.	Ability to identify areas where value can be added in terms of respective themes.	Unable to identify areas where value can be added in terms of respective themes.	Total lack of understanding of the seminar theme and areas of value addition in respective themes.

CO3:To learn various techniques of research and analysis in Urban Design C4 (13 MARKS)

SI No.	FACTORS	Marks	Outstanding	Excellent	Very Good	Good	Satisfactory	Emergent
			Upto 100%	Upto 80%	Upto 60%	Upto 40%	Upto 20%	0
C4	Analysis	5	Ability to properly conceptualize the areas of intervention having a clear idea of how to intervene on it in Design Program.	Ability to properly conceptualize the areas of intervention	Ability to properly conceptualize the areas of intervention having a vague idea of how to intervene in Design program.	Ability to somehow conceptualize the areas of intervention having a vague idea of how to intervene in Design program.	Ability to somehow conceptualize the areas of intervention having a no idea of how to intervene in Design program.	Lack of ability to even conceptualize the areas of intervention in Design program.
P3	Guided response	4	Ability to Present clearly and concisely through any suitable Techniques	Ability to Present clearly and concisely	Ability to Present clearly through any suitable techniques	Ability to Present through any Techniques	Unable to figure out a structure to analyze the information.	Difficulty in Presenting through any Techniques
A3	Valuing	4	Ability to attach a strong value in terms of respective themes.	Ability to relate values in terms of respective themes.	Ability to attach a some value in terms of respective themes.	Ability to identify areas where value can be added in terms of respective themes.	Unable to identify areas where value can be added in terms of respective themes.	Total lack of understanding of the seminar theme and areas of value addition in respective themes.

CO4:To understand how to prepare and execute and communicate a feasible research project C4 (13MARKS)

SI No.	FACTORS	Marks	Outstanding	Excellent	Very Good	Good	Satisfactory	Emergent
			Upto 100%	Upto 80%	Upto 60%	Upto 40%	Upto 20%	0
C4	Synthesis	4	Ability to properly conceptualize the areas of intervention having a clear idea of how to intervene on it in Design Program.	Ability to properly conceptualize the areas of intervention	Ability to properly conceptualize the areas of intervention having a vague idea of how to intervene in Design program.	Ability to somehow conceptualize the areas of intervention having a vague idea of how to intervene in Design program.	Ability to somehow conceptualize the areas of intervention having a no idea of how to intervene in Design program.	Lack of ability to even conceptualize the areas of intervention in Design program.
P3	Mechanism	5	Ability to Present clearly and concisely through any suitable Techniques	Ability to Present clearly and concisely	Ability to Present clearly through any suitable techniques	Ability to Present through any Techniques	Unable to figure out a structure to analyze the information.	Difficulty in Presenting through any Techniques
A3	Organising Values	4	Ability to attach a strong value in terms of respective themes.	Ability to relate values in terms of respective themes.	Ability to attach a some value in terms of respective themes.	Ability to identify areas where value can be added in terms of respective themes.	Unable to identify areas where value can be added in terms of respective themes.	Total lack of understanding of the seminar theme and areas of value addition in respective themes.

CO5:To understand how to prepare and execute and communicate a feasible research project C4 (4 MARKS)

SI No.	FACTORS	Marks	Outstanding	Excellent	Very Good	Good	Satisfactory	Emergent
			Upto 100%	Upto 80%	Upto 60%	Upto 40%	Upto 20%	0
C6	Evaluation	2	Ability to properly conceptualize the areas of intervention having a clear idea of how to intervene on it in Design Program.	Ability to properly conceptualize the areas of intervention	Ability to properly conceptualize the areas of intervention having a vague idea of how to intervene in Design program.	Ability to somehow conceptualize the areas of intervention having a vague idea of how to intervene in Design program.	Ability to somehow conceptualize the areas of intervention having a no idea of how to intervene in Design program.	Lack of ability to even conceptualize the areas of intervention in Design program.
P3	Guided Response	1	Ability to Present clearly and concisely through any suitable Techniques	Ability to Present clearly and concisely	Ability to Present clearly through any suitable techniques	Ability to Present through any Techniques	Unable to figure out a structure to analyze the information.	Difficulty in Presenting through any Techniques
A3	Valuing	1	Ability to attach a strong value in terms of respective themes.	Ability to relate values in terms of respective themes.	Ability to attach a some value in terms of respective themes.	Ability to identify areas where value can be added in terms of respective themes.	Unable to identify areas where value can be added in terms of respective themes.	Total lack of understanding of the seminar theme and areas of value addition in respective themes.
