KASTURBA HOSPITAL
MANIPAL

An associate Hospital of Manipal University

Department of Paediatrics & Neonatology

Care with a personal touch

Department of Paediatrics

Children are the future of the nation and caring for them becomes responsibility of Kasturba Hospital, Manipal. The dedicated Pediatric team focuses on the care and health of children till 18 years of age. Their clinical expertise, outpatient and diagnostic facilities and in-patient facilities in a safe and caring environment instills confidence and promotes healing.

Paediatric Department located in Keshav Bhandarkar Centre For Maternal & Child Health Kasturba Hospital, Manipal provides a full range of tertiary pediatric care, health promotion and prevention programs for children and adolescents. The hospital caters to children along the Konkan coastal from Calicut to Goa. The medical staff has responded to the changing needs of children requiring inpatient care by developing need based clinical services.

The objectives of the department are:-

To provide high quality treatment for complex and serious diseases affecting children in addition to common paediatric problems.

The department comprises of 5 units - 4 general paediatric and neonatal unit. In addition it has a good liaison with the paediatric department at Dr T M A Pai Hospital, Udipi and Dr T M A Pai Rotary Hospital, Karkala where residents do their community posting.

The department has carved a niche for itself by being compassionate, paying attention to details, updating with and putting into practice the latest developments in the field, empowering the parents with the child's illness, so much so that difficult cases from other medical colleges are referred.

In addition to diagnosing and treating serious and complicated illnesses, encompassing the various subspecialties of paediatrics, it has expanded the area under preventive and rehabilitative services. The good support from the specialities of Paediatric Surgery, Orthopaedics, Urology, Cardiovascular and Thoracic Surgery, ENT, Cardiology, Gastroenterology, Dermatology and Oncology, Pedodontia ensures that the child who comes to the department gets the best. In addition there is 24 hour laboratory support (NABL certified), 100% voluntary blood transfusion services with facilities for component therapy.
