About conference

The conference will be held in the serene premises of Manipal Institute of Technology Bengaluru, Manipal Academy of Higher Education (Institute of Eminence, Govt of India). IEEE INCIP 2025 intends to attract people working in the filed communication systems, Information processing and smart systems. The conference is designed to create a platform for researchers from academia, industry, practicing engineers, and students. A series of keynote presentations, technical papers and poster presentation are planned to foster vigorous exchange of research findings and ideas among the participants.

The objectivesof1st International Conference on Next Generation Communication & Information Processing (INCIP) January 23-24, 2025 is the advent of more advanced communication and information processing are finding their new way to our day-to-day application areas like smart home and automation, automotive, healthcare, logistics, finance, and rest of the smart city applications. The purpose of holding this conference (INCIP) is to bring together, on a common platform, scientists, engineers and researchers along with other eminent academic personalities in Communication, Information computing and other related topics. The participants would get ample scope to make exchange of views, ideas and thoughts besides presentation of papers and interact amongst themselves on recent research in the area of the conference-themes.

Call for Papers:

All the papers are required to be prepared and submitted in the IEEE standard two-column conference format of A4 size via https://cmt3.research.microsoft.com/INCIP2025 . Papers must be four to six pages in length, including texts, figures, photographs, and references. Papers with only literature review are not accepted. The first page must include the title of the paper, author(s), affiliations, address, and text. Failing to conform to the standard format will result in rejection. The IEEE anti-plagiarism policy is applicable to all submissions. Detailed format information is available on the IEEE Website. All final paper submissions must be electronic, using IEEE Xplore complaint PDF format(*.pdf). Authors can use the IEEE PDF eXpress to generate complaint PDF files for final submission. The authors must agree to the IEEE copyright conditions and sign the IEEE copyright form as a part of the online submission process. All the submitted papers will be peer reviewed by the Technical Program Committees (TPC). Please note that all the accepted papers will be submitted for inclusion into the IEEE Xplore subject to meeting IEEE Xplore's scope and quality requirements.
