About Manipal University

Manipal University is synonymous with excellence in higher education. Over 28,000 students from 57 different nations live, learn and play in the sprawling university town. It also has nearly 2500 faculty and almost 10000 other support and service staff, who cater to the various professional institutions in health sciences, engineering, management, communication and humanities. The university has off-campus in Mangaluru, Bengaluru, Jaipur and off-shore campuses in Dubai (UAE) and Melaka (Malaysia). Every institute has world class facilities and pedagogy, which are constantly reviewed and upgraded to reflect the latest trends and developments in higher education.

Manipal College of Pharmaceutical Sciences (MCOPS):

A constituent institute of Manipal University, Manipal which was established in 1963. MCOPS offers DPharm, BPharm, MPharm, PharmD, PharmD. Post Baccalaureate and PhD programmes. The college celebrated its Golden Jubilee during the year 2012-13. The college is ranked 251-300 in QS World Ranking. MCOPS has been ranked number ONE amongst Pharmacy Institutions of India by NIRF, MHRD, Govt. of India in 2016.

AICTE has identified this institution as a center for Quality Improvement Program (QIP). College is organizing QIP regularly for the benefit of pharmacy teachers.

The college has many research projects funded by various industries and government funding agencies. It boasts of a centralized state-of-art library, research center and centers of excellence. The college is attached to one of the best teaching hospital - Kasturba Hospital.

About this QIP

Drug Regulations are a niche and ever demanding area of Pharmaceutical Sciences. Biotechnological products and biosimilars are quiet complex and lengthy process, where India is an emerging front runner. Our country today has established itself as a reliable supplier of quality medicine all over the world. To leverage the same advantage with biotechnological products understanding the complex relationship between regulatory science and life cycle management of drugs and biotech products in vital. This programme aims to build that understanding and competency in the participants.

Objectives of the QIP:

1. Understanding the quality and regulatory issues of drugs.
2. Exploratory Product Development, Marketing and Management.
3. Knowing the complexities and pit falls of biotech products *vis a vis* a small drug molecules.

Organised by the Departments of:

**Pharmaceutical Quality Assurance
(11 - 14 Sept 2017)**

**Pharmaceutical Biotechnology
(15 - 19 Sept 2017)**

**Pharmacy Management
(20 - 23 Sept 2017)**
