Super scribe the envelope “FDP August 2019”

MAHE has professional institutions in health sciences, engineering, management, communication and humanities. Every institute has world-class facilities and pedagogy, which are constantly reviewed and upgraded to reflect the latest trends in higher education.

MAHE is now recognised as Institute of Eminence (IoE) by Government of India, because of its intensive research programme. MAHE is ambitiously moving towards Top-200 global ranking in QS & THE rankings.

MAHE has created 100 research centres. Inception of Directorate of Research, Technology Transfer and Centre for Research on Research are a part of ideation of this FDP.

About this FDP

Currently, there is a huge demand among the institutions for research, publications and grants. One of the reasons could be the importance given for research in ranking agencies such as QS, THE and NIRF at national and international levels. Many researchers are easy preys for predatory publishing shoddy work. Hence it is pertinent for the researchers to decide upon research topic, journal and where to apply for grants. The alarming increase in research misconduct publication retractions necessitates to think and act upon the hardcore issues in research. Hence, this FDP programme is designed to improve quality research output from the academic institutes with the following modules and hands-on training

- Research terminologies and databases in research (Hands-on training on Scopus, Web of Sciences, SciVal, Google Scholar, PubMed etc.)
- Study design and application of biostatistics
- Fundamentals of manuscript making
- Documentation, reporting and grant writing
- Industry-Academia, National-International collaborative research
- Ethics in animal experimentation
- Ethics in human trial
- Scientific misconduct and publication ethics
- Bibliometrics and Scientometrics
- Advancement in education research: e-pad, online assessment pros and cons.
- Digital Learning and e-Professionalism
- Academic Rankings and NIRF

Renowned experts from industry and academia are resource persons for the programme

Six credits are given upon completion of FDP

Six credits are given upon completion of FDP
