

## **PROGRAM EDUCATIONAL OBJECTIVES (PEOs)**

B. Tech. Chemical Engineering PEOs as follows:

**PEO1:** Graduates will pursue careers in Chemical Engineering and related fields of engineering such as oil and gas, petrochemicals, biochemical, environmental, material science and renewable energy.

**PEO2:** Graduates will use modern engineering knowledge, skills and computational methods to identify, formulate and solve engineering and design related problems.

**PEO3:** Graduates will demonstrate team work, leadership, ethical conduct and problem solving skills and provide appropriate solutions in global, social, environmental and economic context.

**PEO4:** Graduates will be motivated to enrol for the post graduate courses and the continuing education programs, and demonstrate life-long independent learning.
