## ABOUT THE PROGRAM

*India has seen unprecedented change and growth in the digital payments arena in the last decade. The country has drastically transformed and implemented rapid changes in technologies in financial applications such as payments, tax filing, data integration, database building, payment methodologies and unification of data of banks. The decade also witnessed new technology applications with the growth of blockchain technology and artificial intelligence.*

*The industry has also witnessed new businesses emerging due to these new technologies such as payment banks, Unified Payment Systems, online billing/payment gateways. All these have boosted the opportunities for young entrepreneurs and India has emerged as a leading producer of Unicorn startups.*

*Manipal Academy of Higher Education (MAHE), a deemed to be University, is recognized as an Institution of Eminence by the Ministry of HRD, Government of India. Manipal Institute of Technology (MIT), Manipal, a constituent Unit of MAHE, Manipal, has geared up to impart the skills needed for engineering students in future.*

*The Department of Humanities and Management at MIT, Manipal has initiated two unique programs B.Tech. (Computer Science and Financial Technology) and Integrated M.Tech. (Entrepreneurship) to cater to the young aspiring minds.*

*Thus, the department is conducting a one-day conclave on FinTech & Entrepreneurship to develop a strong ecosystem among various industry partners for the benefit of students and academicians.*
