The 2024 International Conference of UNAIR Postgraduate School (ICPS 2024) was organised from Sept 11 to 12, 2024. It was organized by the Postgraduate School Universitas Airlangga and Research Synergy Foundation (RSF). The theme of ICPS 2024 was “Transformation towards The 2030 Sustainable Development Agenda: Multidisciplinary Approaches” with 16 tracks of multidisciplinary field of studies presented by 48 participants. The conference aimed to strengthen the interdisciplinary research in various spectrum of Human Resource Management, Immunology, Law, Disaster Management, Forensics, Police Science, Creative Industry, Data Analytic, Women Empowerment, Health Economics, Venture Creation, Population Administration, Sustainable Development, Entrepreneurship, Management Science, and Social Science. The participants came from more than 15 countries around the globe, including Indonesia, Malaysia, The Philippines, Australia, Pakistan, China, Oman, India, Sri Lanka, Bangladesh, Taiwan, Nigeria, North Macedonia, Cambodia, Morocco, and many more.

The inaugural session began with the Indonesia Raya Anthem and Hymn of UNAIR. The welcome speech was delivered by Prof. Badri Munir Sukoco, S.E., M.B.A., Ph.D., the Director of The Post Graduate School Universitas Airlangga. The inaugural address was delivered by H.E. Dr. H. Agus Harimurti Yudhoyono, the Minister of Agrarian Affairs and Spatial Planning/Head of the National Land Agency. He was a fascinating speaker and caught the attention of everybody in the Hall.

Other speakers included Dr. Ir. Airlangga Hartarto, the Coordinating Minister for Economic Affairs, Republic of Indonesia, Dr. Amalia Adininggar Widyasanti, Chief Statistician of BPS Statistics Indonesia and the Deputy Minister for Economic Affairs Ministry of National Development Planning., Dr. Parjiono, the Assistant Minister of Finance for Macroeconomy and International Finance, Republic of Indonesia.

My presentation was after the inaugural ceremony. I spoke on the Role of Youth in the successful achievement of the SDG goals: A comparative study of the youth in India and Indonesia. My paper would be published in the forthcoming university journal. Later I was member of the panel along with Professors Prof. Iman Harymawan from Universitas Airlangga, and Prof. Wann-Yih Wu from Nanhua University, Taiwan. The discussion was on the topic “Managing Sustainable City”. The panel was moderated by Dr. Aditya Prana Iswara from Universitas Airlangga.

On Sept 12, 2024, I delivered a lecture to the Post-Graduate and doctoral students on offline and online mode on the topic “Development: Good Governance and Human Rights.” The talk generated a lot of discussions especially among students from Africa. I was also surprised to find students from MLS joining the discussion online.

I also had a strategic meeting with the International Office of Universitas Airlangga for a possible collaboration with the Fakultas Hukumat (Law School) and Manipal Law School. The Law School at Universitas Airlangga has been ranked the best in Indonesia. The University is keen on a collaboration and I have to discuss the matter with the International Collaboration team at MAHE.
