5.6 Details of student counselling and career guidance

> A formal system of pastoral care, mentorship and counselling has been established in the campus. In this teacher-guardian scheme, each faculty is allotted 20-30 students for counselling related to curricular and extracurricular guidance throughout the programme

COUNSELLING BY THE FACULTY:

- It is our constant endeavor to establish a healthy, two-way communication between students and the college faculty members. Such a communication channel ensures that we at WGSHA are able to respond effectively and promptly to the academic and personal needs of the students by way of a correct guidance, grievance-handling or by way of extending any other help that the students may need from time to time.
- Every student is affiliated to one of the faculty members, who is referred to as his/her Mentor. The affiliation of a student to a particular faculty member may be changed at the special request of the ward or that of the Mentor. The Mentor is there to assist, guide and in some particular instances, to suitably correct.
- All requests for leaves, night-out permission and other permissions are to be addressed to the Principal/Vice Principal, recommended by the student's mentor. The Mentor is also responsible to communicate with the parents, advising them of the student's progress in academics and various other activities.
- It is obligatory for the students to meet their Mentor at least once in every 15 days or whenever he/she so desires. During these meetings, the students advise their mentors about their performance in academics, sports, co-curricular and other activities or about a personal problem, if any.

Notwithstanding the above, in case of emergency/non availability of the Mentor, the students are at liberty to approach the Alternate Mentor/Vice Principal/Principal or any member of the faculty. Contact numbers may be accessed from the website

PROFESSIONAL COUNSELLING:

- The College has at its disposal the services of a qualified and experienced Professional Mentor from the Manipal University who is there to offer help and assistance in case of personal, psychological or behavioral crises of students. In case of a feeling of distress or depression due to peer, parental, academic or faculty pressure or any other reason whatsoever, students may directly approach the Professional Mentor with a prior appointment.
- The professional counseling thus offered is not to be construed as an 'obligatory treatment' rendered to a student. It is a means of offering help in strict confidentiality.

ON-LINE COUNSELLING

- Manipal University also has the facility of online counseling for students who may feel the necessity for such counseling.
